Overview

- An internationally recognized qualification, designed to develop advanced management and leadership skills in the health and social care sector.
- It prepares learners to take on middle and senior management roles and provides clear pathways for progression to higher-level qualifications.

AIM

The program aims to provide learners with a comprehensive foundation in information technology, enabling them to understand core concepts, apply modern tools and techniques in practical contexts, and develop critical thinking, problem-solving, and teamwork skills. It also prepares participants to pursue higher academic studies or advanced professional certifications in the IT field.

OBJECTIVES

- Understanding the fundamental concepts and specialized terminology in information technology.
- Applying modern tools and methods in real-world practical situations.
- Developing critical thinking and problem-solving skills related to the field.
- Enhancing the ability to manage time effectively and work efficiently within multidisciplinary teams.
- Preparing to pursue further studies or obtain advanced certifications in the field.

👉 Core Study Units

- Information Technology and Ethics
- Mathematics and Statistics for Information Technology
- Computer Maintenance and Operating Systems
- Computer Graphics and Database Concepts
- Fundamentals of Networking
- Web Programming
- Systems Analysis and Design
- Human–Computer Interaction

FEES

- Installment plans are available.
- Please contact us via email or WhatsApp to receive detailed information about the tuition fees and installment options.

Study Duration and Learning Method

Study Duration and Learning Method:
Duration: 8 months
Learning Modes:
- Fully online learning
- On-campus learning
- Blended learning (a mix of face-to-face sessions and online classes)

Admission Requirements

- Applicants must be 18 years old or above.
- Hold a Level 3 Diploma or an equivalent qualification.
- The program is delivered in English. Language assessments and specialized support courses are provided for applicants who require improvement in English proficiency.
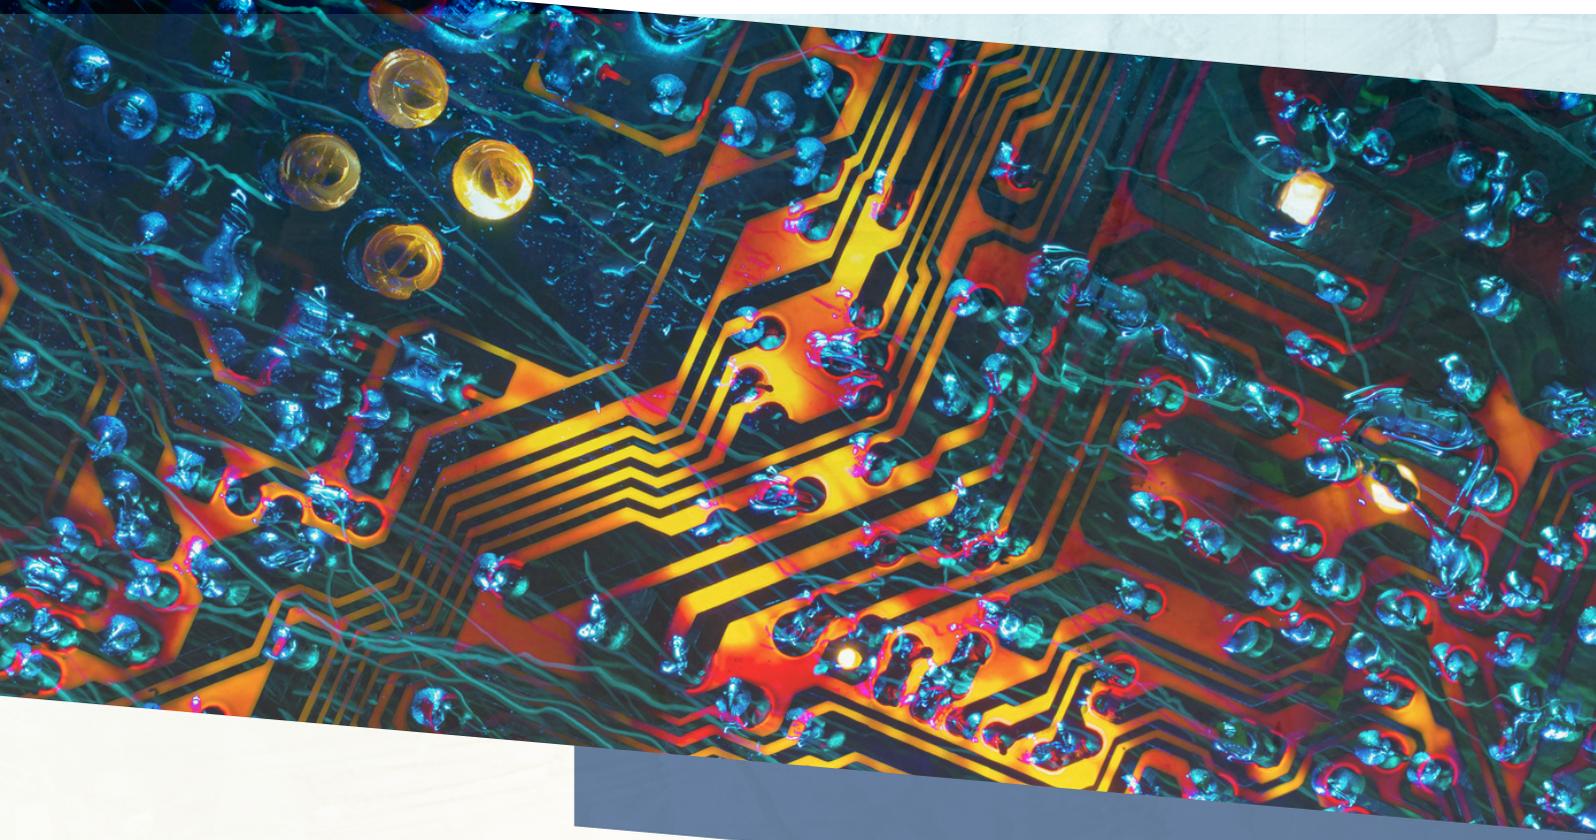

Progression Pathways

Acaemic Path

- Direct progression to Level 5 Diploma in Information Technology
- Second year of UK undergraduate degree
- Related IT fields and specializations

Career Pathway:

Graduates will be able to work in roles such as: Supervisor, Team Leader, Care Manager, or Administrator.

Accreditation and Certification

Upon successful completion of the program, graduates will receive:
- The British Applied Certificate (Higher National Certificate – HNC), issued by The British Academy for eLearning, endorsed in the UK and internationally recognized.

This provides graduates with the unique advantage enhancing their academic and professional opportunities both locally and globally.
